

# Gullì Andrea

FREELANCE DEVELOPER

✉ gullandrea693@gmail.com | 🏠 handgull.netlify.app | 🐙 github.com/handgull | 🔗 linkedin.com/in/handgull

## Personal Profile

Programming has always fascinated me, in particular i have always been interested in the frontend side (both on the web and on mobile) mainly with Angular and Flutter. I love continuous learning, and lately, I've been trying to read at least one book per month on topics like development, project management, or UX.

You can check my pinned project on **github** for a quick overview of my architectural skills!

## Work Experience

### Others

Mobile/Web Developer

- Working with Angular since 2018
- Working with Flutter since 2020

## Skills

I consider myself mainly a frontend developer, but I also have experience as a full-stack.

<b>Frontend</b>	Angular (Reactive programming lover), Flutter (Bloc and Provider for the DI), React
<b>Backend</b>	Hono (Node.js), PostgreSQL, Fastify, LangChain.
<b>Miscellaneous</b>	Git, Docker, Linux, Firebase.
<b>Soft Skills</b>	Jira, Agile, Time Management, Teamwork, Problem-solving.

## Interests

<b>Computer science</b>	Ever since i was a child i have always loved creating what i imagined.
<b>Nutrition</b>	I love to study nutrition, it is without a doubt my second choice in professional fields

## Languages

<b>English</b>	Good reader, problems when it comes to talking
<b>Italiano</b>	Native proficiency
